meow

19 3 2

Chapter 1 by perks-of-loving-pie

I'm dead. Yay! Death, fun right?

Hahaha no. Its not. It sucks.

I am dead and I have no idea how I died either.

I suppose there's some almighty power restricting me from knowing my cause of death.

I should at least be able to know if it was a cool death or not.

But no! I am completely clueless, and its driving me crazy.

Its been driving me crazy for over one hundred years!

Chapter 2 by 2fab4u

There is no heaven or hell, but, there is a nether world where all the dead go. This world is similar to the living Earth except for the fact if you die here you regenerate in a random section of our world.

Because of this, death is still feared by everyone because our world is constantly expanding and you always regenerate in a different place.
